(e) units for which plans are prepared by the Ministry of Agriculture through a central organ (central management), the Center for the Mechanization of Agriculture (UkeZ), and Machine-Tractor Stations.

2. Units for which plans are prepared by the Ministry of Agriculture through organs of the people's administration (Kraj National Committees, Okres National Committees, and Local National Committees), i.e., regionally planned units preparing independent target and requirement plans of the Unified Agricultural Cooperatives. The central plan for the Unified Agricultural Cooperatives is prepared by the Ministry of Agriculture.

3. Communal enterprise units for which plans are made exclusively by regional organs. The Ministry of Agriculture and the State Planning Office receive from the Kraj National Committees only a condensed survey of communal enterprise production and requirements. The communal farms (excluding farms of the City of Prague) come under the "local economy" sector. Further delimitation between enterprises planned by the Ministry of Agriculture through organs of the people's administration, on the one hand, and communal enterprises planned exclusively by the Kraj National Committees on the other shall be performed by the Ministry of Agriculture in agreement with the Kraj National Committees on the basis of regulations laid down by the State Planning Office.
